Raising Aspirations Team

**Years 7 - 11**

The role of the Careers Adviser is:

- To facilitate, guide, coach, mentor and support, where necessary to enable young adults to:
- Develop a strong sense of personal responsibility and resilience to overcome barriers in learning, work and personal development.
- Develop career management skills and adaptability.
- Broaden horizons, raise aspirations and encourage individual's potential to progress.
- Provide expert advice on occupational and sector trends
- Help to remove barriers to learning and progression.
- Help young people develop the necessary skills to navigate the wide range of online Careers information.

# Student Entitlements

Careers Guidance can help to raise the aspirations of young people and support them to make informed choices about education and training options.

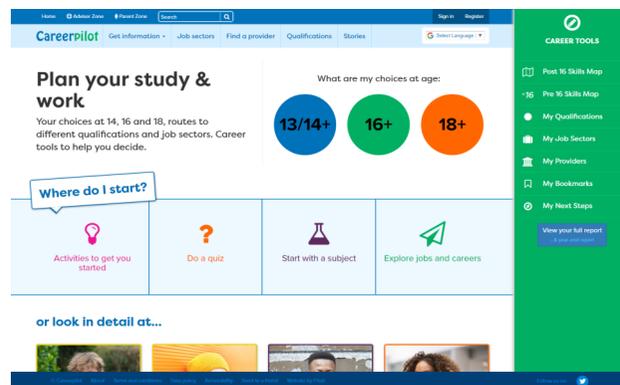

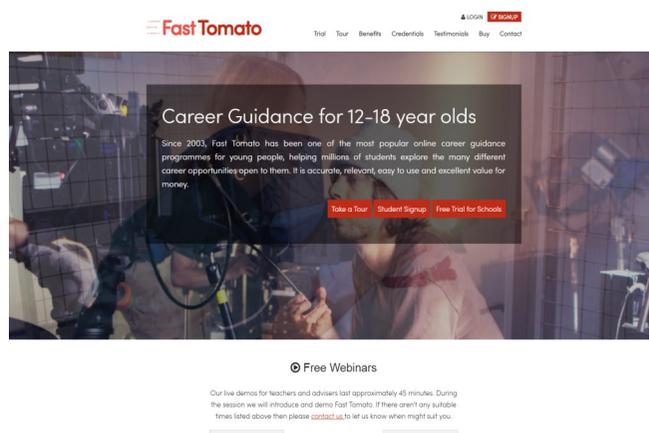

Careers Education, Information, Advice and impartial Guidance will be offered to all students from year 7– 11 this is to make sure that all students access the support they need at all their key decision points.

Please ask Suzy Paice about the Careers and work related activities offered to support the students and inform their choices.

A wide range of Business leaders, Training Providers and Universities are invited to come to BBA to speak with students and offer advice and guidance on entry requirements for their employment sector.

## Researching your career ideas:

### Www.fasttomato.com
