

BTEC Music 2018/19

This course comprises of units that test students' understanding of the key aspects of the Music Industry.

The year 11 units are as follows:

1: Managing A Music Product (terms 1 and 2)

Students create a music product in small groups. They plan and create a recording, a live performance or a website.

Students create the promotional material to support their product.

Students then evaluate their work and put all of their evidence in one place for assessment.

2. Group Performance (Mr Clarke's group) – concert is Wednesday 19th December at 6:30pm.

Students work in groups to create a performance for the music concert. They are filmed in the concert and this performance forms part of the evidence for the performance unit.

3. Music Industry exam

Students learn about all aspects of the music industry, job roles, scenarios and procedures that are followed when putting on music events.

Most lessons in terms 3 and 4 will focus on this component.

Students will be given a revision booklet for this unit. There are also several past papers available.

The exam is on Monday 13th May
